guards told him that Joubert had been buried. The Lourenço Marques dispatch is more definite and it is believed the old Boer hero has passed to his final reward. His death is a great loss to the Transvaal.

Boers Treated Davis Kindly.

New York, March 28.—[Special Telegram]—Webster Davis, assistant secretary of the Department of the Interior arrived home today from South Africa. He left Pretoria Feb. 12th. He was treated hospitably by the Boers and given an opportunity to visit the battle fields and even to see several battles from the Boer side. Maryland Lynching See.

Belair, Md., March 28.—The lynching here Monday night of the negro, Lewis Harris, who assaulted Miss Annie McIlvaine last Sunday, was the most open and well advertised of any that has taken place in Maryland for a long time. It was about 11 o'clock when the lynching party arrived on horses. The members had handkerchiefs over their faces. The negro's victim was in the crowd. She had secured a pistol, with which she said she intended to shoot the brute, but those around forced her away and would not allow her to accompany the lynching party to the tree. The lynching was witnessed by many of the representative citizens of Belair.

## MR. ORTON NOT A CANDIDATE

Darlington Man Is Not Running for a Delegate-at-Large

Darlington, Wis., March 28.—I wish to say to my republican friends in the state, who have so generally expressed a wish that I shall be one of the delegates-at-large from the state to the Philadelphia national convention, that my business and professional engagements for the month of June are such that I cannot accept, if it was offered to me, such appointment. I appreciate the kindness which has so generally suggested my appointment to this important and honorable position, and thank my friends throughout the state for their kindness and good will. Very truly yours, P. A. ORTON.

## CHANEY CALLED LENTZ A LIAR

Hot Debate Before the House Committee on Military Affairs Today.

Washington, March 28.—[Special Telegram]—The session of the house committee on military affairs was enlivened this morning by an angry colloquy between Congressman Lentz and Attorney Chaney. Governor Steunenberg of Idaho, was asked by Lentz whether he was a statesman like Louis, the Fourteenth, when Chaney objected.

A hot argument followed, Lentz charging that certain state deputies in Idaho associated with low characters. Chaney called Lentz a liar. The latter said Chaney should be kicked out of the window for the remark and offered to prove the statement by calling for the testimony in the Corcoran case. Chairman Hull ordered the clerk not to give it to him saying he hoped Lentz would not tell him he lied.

Lentz hurled the accusation at the chairman if he protected "this infernal attorney." Mr. Cox protested against the proceedings. Jett moved that the attorney be expelled, and Cox said to Chaney, "retract or get out." Chaney apologized, and the hearing proceeded.

## MONEY FOR HARBORS

Mr. Cooper Pushing the War Department in Behalf of Racine and Kenosha.

Washington, D. C. March 28.—Representative Cooper called at the War department today concerning the appropriation to complete the Racine and Kenosha harbors under continuous contract. Contracts were let about a year ago for improvements at these places, and the preliminary work put under way. The contractors expect to begin in April to complete both twenty-one foot projects, including breakwaters during the present year. In order to do this the remainder of the appropriations made available for both harbors must be provided before July 1. Mr. Cooper has assurances that these items will be provided in the Sundry Civil bill.

## MAC ARTHUR SUCCEEDS OTIS.

The Latter to Be Relieved When Committee Reaches Manila.

Washington, March 28.—While the war department insists that there is no official ground for the belief that Gen. Otis has collapsed physically, it is not mentally, there is every sign that such is, in fact, the case. Officials admit that they would not be surprised to learn that his strength has at last given out in view of his intense application and the vast amount of work he has had to perform. At any rate it is expected that on the arrival of the civil commission at Manila Gen. Otis will be relieved of his command by Gen. MacArthur and ordered home. After a suitable period of rest he will then probably be assigned to command the department of the Lakes.

Price of Coal Will Advance

St. Louis, March 28.—Beginning next Monday, the price of coal from the Illinois mines will be advanced 25 per cent on the ton. This sharp advance is the direct result of the increase in the miners' wages recently agreed to at the conference. Another cause is that the amount of coal mined will be one-fifth less than at the present time.

Atlanta Journal Sold

Atlanta, Ga., March 28.—Former Secretary of the Interior Hoke Smith has sold the Atlanta Journal to a Boston syndicate, of which T. Jefferson Coolidge, Jr., is a member. The trade is made through Harry M. Atkinson, a cousin of Mr. Coolidge, who has become a resident of Atlanta, and who represents the Coolidge financial interests.

Franchise Is Not Extended

Rockford Ill., March 28.—The city council by a vote of 9 to 5 refused to grant an extension of the franchise granted several years ago to the Carbon Dioxide Company of Chicago, under which a pipe line was to be put in for refrigeration and fire extinguishing purposes and illuminating gas, as a by-product, to be sold at \$1 per thousand.

## PARTY LEADERS IN THE HOUSE ALARMED

FATE OF AMENDED PORTO RICO BILL DOUBTFUL.

It is Likely to Pass Senate by a Close Vote—Revolt Among Republicans in the Lower Branch Threatens a Deadlock That Will Be Serious

Washington, March 28.—[Special Telegram]—The senate today unanimously agreed to vote on the Porto Rican bill at 4 o'clock on Tuesday next.

Washington, March 28.—Now a deadlock between senate and house is threatened on the Porto Rico bill. Today the probabilities are that before the end of the week, or perhaps early next week, the senate will pass the consolidated tariff and civil government measure, and by a vote so close that only the votes of irregular republicans and one democrat will enable it to pass at all. The free trade republicans, with a few exceptions are standing their ground.

This probability has thrown the republican members of the house of representatives into a cold perspiration. There is genuine dismay among them over the outlook for another wrestle with the Porto Rico problem. The free trade contingent of that body, who made such a gallant struggle three weeks ago, are the only ones to relish the prospects.

Public Opinion Feels. They believe they will have little trouble in defeating the consolidated measure or in changing its character so as to provide for absolute free trade. It would not surprise some of the members of the house if the revolt in the lower branch would embrace thirty or forty republicans when the roll is finally called.

Public opinion is at last, "tearing the house wide open," to use the expression of a leading member of the ways and means committee, and there is no telling what it may lead to.

Speaker Henderson and his lieutenants are in a quandary. They accuse the tariff managers of the senate of "laying down" on the poor house. They say it was the duty of the Republicans of the senate to pass the house bill without amendment, and they suspect that the leaders at the aristocratic end of the capitol were glad of an opportunity to shift responsibility from themselves back upon the house.

Danger of No Legislation.

On account of the threatened revolt in the house some of the shrewdest observers about the capitol now predict that there will be no legislation of any sort concerning Porto Rico during the remainder of the session. This danger has greatly alarmed the Porto Rico delegates now here, as in the event of the failure of all legislation Porto Rico will be left saddled with the whole of the Dingley rates on goods coming from the island into this country.

As to the outlook in the senate, the chances now favor a vote within a week and the passage of the bill by a close shave. Today nine Republicans were known to be standing out for free trade—Proctor, Rose, Hoar, Wellington, Beveridge, Mason, Davis, Nelson and Simon. To this list the vote of Kyle should probably be added, and possibly that of McCumber also.

OPEN DOOR GUARANTEED.

Signal Success of American Diplomacy in World Politics.

Washington, March 28.—On Tuesday Secretary Hay sent to congress the correspondence had with and formal pledges received from the governments of Great Britain, Germany, Russia, France, Italy and Japan as to the maintenance of the "open door" in China. The negotiations extended from Sept. 6, 1899, to March 20, 1900, and cover the following points:

1. That each within its "sphere of influence" or leased territory in China should pledge itself in no way to interfere with any treaty port or vested right within the "sphere" or territory under lease.

2. That within all ports within the "spheres of influence" except free ports, all merchandise landed or shipped, irrespective of nationality, shall pay the Chinese treaty tariff for the time being, and the duties shall be paid to the Chinese government.

3. That in ports in the "spheres of influence" the government controlling that sphere will levy no greater harbor duties on vessels of any nationality than are levied on vessels of its own nationality, and that on railroads built, controlled or operated within these "spheres" the citizens of other nationalities shall be required to pay no higher charges for the transportation of merchandise than are paid by the citizens of the powers controlling such spheres.

Senators Return from Cuba.

Havana, March 28.—Senators Aldrich, Platt and Teller sailed for the United States on Tuesday. They declined to state the conclusions resulting from their visit. Senators Butler and Pettigrew remain to do some more interviewing.

H Adams Goes to Hot Springs

Madison, Wis., March 28.—A large body of students was at the depot last evening to see President Charles Kendall Adams off for Hot Springs, Ark., where he is going for a rest after his severe illness.

## HILLIS STANDS BY HIS DECLARATION

CANNOT ABIDE RETRIBUTION AND FOREORDINATION.

Has Practically Resigned From the Chicago Presbytery—Is Stung By His Critics—Regrets the Loss of Friends, But Will Not Recede From His Stand.

New York, March 28.—Assured by private advices that the attacks made upon him by the professors in the McCormick Theological Seminary in Chicago were quite as bitter as stated; touched to the quick to think such criticism should have arisen among his old friends, and in the city where he had spent so many years of his life, and actuated by the belief that the interest and happiness of any one man should not be considered for a moment as being of importance when placed over against the unity and harmony of a great church representing the interests of multitudes, Rev. Dr. Newell Dwight Hillis, pastor of Plymouth church, last night sent what is practically a letter of resignation to the Chicago presbytery.

Regrets the Agitation. "I very much regret the discussion and agitation that has been precipitated by my sermon on 'The Automatic Judgment Seat in Man,'" said Dr. Hillis. "The general views that I have expressed on the subject of penalties of wrongdoing and the permanence of character I have held for a long time and held them with firmness. But I don't like to be a source of disquietude to my presbytery and to the Presbyterian church, one-half of which probably denies the doctrine of retribution for the non-elect, while the other half of its clergy may perhaps hold and teach the doctrine."

Penalty of Liberal Views. "It is the penalty that every man who believes in toleration and charity must pay. He stands for non-resistance; he cannot, if he wish, and he would not if he could, try for heresy those who teach the doctrine of the retribution and foreordination of certain men to everlasting death. Nor can he resist when others attack him for changing the gospel of love and interpreting the divine government as parental, or penalties as medicinal, and rejecting that passage in the creed ending with these words: 'By the decree of God some men and angels are foreordained to everlasting death.' And these are particularly and unchangeably designed, and their number is so certain and definite that it cannot be either increased or diminished."

Will Continue to Preach. "I know not how others may feel, but having conceded to my old instructors the right to teach that, I don't propose to lose my own liberty in denying it. Indeed, for years I have encouraged the hope that these gentlemen had ceased to teach the tenet of retribution. That a great theological seminary should have 150 students in its classrooms and that men should be teaching such a doctrine is a source of peril to American Christianity, and explains how the wheels have been taken off the chariots; and so long as I live I shall continue to make my protest against this doctrine that belies the doctrine of Jesus Christ, misrepresents the divine government, and is calculated to turn men away from Jesus Christ, the world's savior, regenerator and redeemer, as well as its judge and king."

## GOOD TIME AWAITS TOOTH PULLERS

Committee in Charge Have Completed a Program That Will Insure a Profitable Session.

Drs. C. T. Pierce and L. L. Leslie, members of the committee of arrangements for the meeting of the Southern Wisconsin Dental Association to be held in Janesville May 2-3-5, have completed a most interesting program. The sessions will be held in the lodge rooms of East Side Odd Fellows hall. The sessions will consist of papers and clinics. One hundred visitors are expected. A banquet will take place on the evening of May 2, at the Grand hotel. The expense of this banquet will be stood by members of the Janesville Dental society. The coming meeting promises to be a most profitable and interesting one as nothing will be found lacking when the proper time arrives.

## WEAVER ON PARTY ISSUES.

Says They Will Be Finance, Trusts, Imperialism and Militarism.

St. Paul, Minn., March 28.—Gen. J. B. Weaver, here on his way to North Dakota, said: "The great issues of the campaign will be finance, trusts, imperialism and militarism. We will plant ourselves squarely on the declaration of independence, the constitution of the United States, against taxation without representation, and the teachings and precepts of the fathers and the doctrines of Abraham Lincoln."

Battle With Chinese Rebels.

Pekin, March 28.—An engagement has been fought between the imperial troops and the rebellious Boxers. The result was not decisive. The casualties on both sides were heavy. The engagement took place at Yen Chai, in the province of Pechili. About 1,500 men were engaged on each side.

## RUSSIA ARMING FOR TURKEY

Warlike Preparations Due to the Attitude of the Porte.

London, March 28.—A dispatch to the Standard from Odessa says: "There is no longer any doubt of the object of the warlike preparations now being completed in south Russia. Nearly a quarter of a million troops are already mobilized for active service, and the Black sea squadron, with transports is held in instant readiness. The tension of the relations between St. Petersburg and the Porte becomes every day more acute, and the proposition is looked upon with the gravest public apprehension. If Turkey is supported by Germany and should prove stubbornly intractable with regard to Russia's concessionary demands in Asia Minor, serious complications must inevitably ensue. The Russian garrisons on the Caucasus-Armenian frontier have been increased to fourfold their ordinary strength and equipped for active service."

## CONSUL MACRUM TELLS HIS STORY

Gives Proofs That the British Censor Opened His Official Mail—Reported a Request for Mediation from President Steyn Which Was Either Never Sent or Suppressed by the State Department.

Washington, March 28.—[Special Telegram]—Charles E. Macrum, former consul to Pretoria, was heard this morning by the house committee on foreign affairs regarding the charges that his

CHARLES E. MACRUM.

official mail was opened and telegrams stopped by the British censors. He said when he first asked for leave of absence he believed it was desirable for him personally to consult the state department concerning the war. He believed the British government was opening our cipher mail and that the American attitude in the war was being misrepresented.

Two letters were opened by the British censor at Durban. From Oct. 12 to the end of Nov. he received no mail. He produced the letters in question. As for the cipher, he had cabled Washington asking for leave of absence on Nov. 6. The fact was published in the Durban papers the next day.

He had not reported to the state department the fact that the letters had been opened; he preferred not telling his reasons. November 14 he cabled the secretary of state; the message was delayed two weeks. The Belgian and German consuls could not get their cipher through. A number of private letters never reached him.

Asked what suggestions had been made about the settlement of the war, Macrum said he and council Stowe in September had a conversation with President Steyn. Steyn asked Stowe to request President McKinley to use his good offices for a settlement of the trouble brewing.

Macrum said he had reasons to believe that this request was communicated to the officials of this country, and that Stowe had received an unfavorable answer. When he came to Washington he was informed that he was no longer connected with the service and was not allowed to see Hay.

## VIOLA CALLED A DEGENERATE.

Experts Testify in the Horlocker-Morey Poisoning Case.

Hastings, Neb., March 28.—Dr. Cromwell, proprietor of Woolawn sanitarium, Jacksonville, Ill.; Dr. Frank Norbury of Jacksonville, and Dr. Green of University Place, Neb., testified as experts on Tuesday in the trial of Viola Horlocker, charged with attempting to poison Mrs. Morey, her employer's wife. They gave it as their opinion that the defendant was a degenerate, and was unable to resist the insane homicidal impulse developed by the psychological shock occasioned by the breaking off of her relations with Mr. Morey and that to her the act did not appear to be wrong.

## ON THE TRAIL OF GOEBEL ASSASSINS

W. H. Culton is Ready to Make a Confession for the State

## LIGHT ON THE CASE

New Evidence is Being Gathered and the Murderers Will Be Caught.

Information Given by Men Charged With Complicity in the Killing of Kentucky's Claimant Governor, But the Nature of the Supposed Confessions is Not Made Public—Prisoners Waive Examination.

Frankfort, Ky., March 28.—There were some startling developments in the Goebel assassination case today. This morning W. H. Culton, who waived examination and was held over to the circuit court, went to the Capitol Hotel, where he was in conference with the attorneys for the prosecution for two hours. He was accompanied by his brother-in-law, E. E. Hogg, who is also his attorney.

It was reported at the time that Culton had made some kind of a confession, but later it developed that the information gained was not as sweeping in character as it was at first supposed. Culton's friends say his statement was not in the nature of a confession, but admit that he gave the prosecution such information as he had, and which had heretofore not come out.

The conference between Culton and the attorneys took place in the room of Colonel T. O. Campbell, and there were present, besides Mr. Culton and Mr. Campbell, Commonwealth's Attorney Franklin, County Attorney Polsgrove, the Rev. Mr. Culton, father of the prisoner, and E. E. Hogg, a brother-in-law.

Charges Bad Faith.

Youtsey, when, he was arrested yesterday, told the officers that the prosecution had promised not to arrest him and he complained that it was broken faith with him.

It is not known what took place at the interview between Youtsey and Campbell, but it is reported that Youtsey announced that he was ready to make a public statement, which the prosecution evidently did not care to have made, at least for the present.

Youtsey is Auditor Sweeney's private secretary. It is charged that he is the man with the black mustache whom Golden mentioned in his testimony as the man John Powers gave the key to the office of Caleb Powers.

Youtsey is a half brother of L. J. Crawford, a prominent republican of Newport. The warrant charged him with being an accessory before the fact to the murder of Governor Goebel.

Others Waive Examination.

After the Powers case had been disposed of Judge Moore asked if the commonwealth was ready to take up one of the other cases, that of Captain John Davis or William H. Culton, who are also charged with being accessories to the murder.

When Attorney Polsgrove announced that the commonwealth was ready to proceed with the trial of either Culton or Davis Attorney Ramsey, Culton's leading counsel, announced that his client would waive his examining trial, and by agreement with the attorneys Culton will remain at home with his sick wife, under private guard.

In the case of Captain John Davis, Attorney Dunlap for the defense, stated that the defendant would waive examination, and that an agreement had been entered into that bail shall be fixed for Davis for \$5,000. The court then entered an order admitting Davis to bail.

## DOES NOT CARRY THE HOD.

Also President McKinley Might Arbitrate Building Strike.

Chicago, March 28.—President McKinley may be compelled to take advantage of his card as a member of the Chicago Bricklayers and Stonemasons' union and act as arbitrator of the present Chicago building trades' tie-up. Before the industrial commission Tuesday afternoon George P. Gubbins, who as president of the union assisted in initiating the nation's chief executive, said that he would be willing to have the entire matter referred to an arbitration committee to be selected by the president, if the contractors would agree to such a proposition. Herman L. Liden, on the other hand, who is president of the hod carriers' union, said: "We would have to change our rules if we were to consent to allow the president to take any action. We already have our arbitration board, and to be a member of it one must be a hod carrier. President McKinley is a bricklayer, but I don't think he would be eligible in that capacity to act for us unless we changed our rules." Other union men were unwilling to express an opinion.

## RECEPTION GIVEN REV. AND MRS. PENCE

FRIENDS OF THE POPULAR PAS-  
TOR BID HIM FAREWELL.

Took Place at the Presbyterian Church  
Last Night—Miss Bates Talked  
About Turkey at the Congregational  
Church—Concordia Society Cele-  
brate Thirty-Second Anniversary.

Many friends gathered at the Presby-  
terian church last evening, at an informal  
reception accorded Rev. and Mrs. E.  
H. Pence, who soon take their departure  
for Detroit. The ladies of the church  
had the event in charge, and that they  
did their work well was plainly evident.  
The event was strictly informal, and  
everyone was made to feel at home.  
People of all denominations were on  
hand to extend a fond farewell and to  
wish Rev. and Mrs. Pence the best of  
prosperity in their new home. The large  
auditorium and the parlors were made  
one last evening. Potted plants and  
flowers added beauty and sweetness to  
the scene. The Orpheus Mandolin club  
were seated in the balcony off the par-  
lors, and during the evening rendered  
sweet music. To the Sunday school R.  
H. Barlow, the photographer, has made  
the gift of a much prized large photo-  
graph of Rev. Mr. Pence. The picture  
is handsomely framed. In the dining  
room in the basement, dainty refresh-  
ments were in order. The reception was  
in every way a success, and merely goes  
to show the high esteem in which the  
worthy pastor and his wife are held not  
only by the members of the Presbyterian  
church but by the citizens of Janesville  
in general.

Miss Bates Lectured  
In the Sunday school rooms of the  
Congregational church yesterday after-  
noon Miss Eula Bates delivered a most  
interesting talk in reference to her work  
as a missionary in Turkey. The lecture  
was given under the auspices of the  
Loani Band and the Covenant club of  
King's Daughters. Mrs. R. J. Hart,  
president of the Loani Band, presided.  
Mrs. J. T. Wright led in prayer. Mem-  
bers of the children's choir were present  
and under the able leadership of Mrs. W.  
S. Jeffris they gave several well ren-  
dered selections. Miss Bates' lecture  
brought forth many facts in regard to  
the people of Turkey and how they have  
a hard time to live under the cruel rule  
of the sultan. At the close of the lecture  
light refreshments were in order.

Concordia Society Celebrate  
At Concordia hall last evening mem-  
bers of the Concordia society and their  
families and friends celebrated the soci-  
ety's thirty-second anniversary. A most  
enjoyable time prevailed from early till  
late. A musical and literary program  
was given. President Carl F. Brockhaus  
was in charge. The program opened  
with a selection entitled "Wunch," by  
the Concordia Singing society, followed  
by the installation of the recently  
elected officers, the installing officer be-  
ing Past President Carl Pabst. Among  
those who took part in the program  
were Willie Ponienich, violin; Prof. Wm.  
T. Thiele, cornet; William Ernst, vocal.  
The singing society rendered several  
selections. Dancing followed.

## GEN. WHEELER ON FILIPINO POLICY

Little General Declares the Islands  
Should Be Brought Under Civil  
Government Speedily.

New York, March 28—Under the cap-  
tion "What to do with the Philippines,"  
General Joseph Wheeler contributes to  
this week's issue of Leslie's Weekly a  
lengthy article on the situation in the  
islands as he observed it during his ser-  
vice there. He says in part:

"I believe that the back of the rebel-  
lion in the Philippines is broken; there  
will be little more to do in a military  
way. There will be some guerrilla war  
fare, but it will not amount to much.  
As for Aguinaldo, I do not consider him  
a patriot. He was fighting for a great  
prize. Had he won he would have been  
a powerful emperor, a mighty dic-  
tator.

"As far as possible, I believe that we  
should establish civil government in the  
Philippines. I am in favor of territorial  
government, and I see nothing incongru-  
ous in making these various islands into  
territories.

"Some of these tribes have been our  
devoted friends, and it would be most  
unfair not to give them the right of self  
government. Many of them are already  
fit for self government in local affairs,  
and under territorial governors appointed  
by us they would get along very well I  
am sure.

"I consider the Filipinos a superior  
people—a people with great possibili-  
ties. On the question of ultimate ac-

## AMUSEMENT NOTES.

Miss Olive Thorne, the charming opera  
prima donna who appears with "The  
Highwayman" on the occasion of its pre-  
sentation in this city, on Friday, March  
30, at the Myers Grand by the Broad-  
way Opera Company, is acknowledged  
to be one of the most interesting Lyric  
artists now before the public. She has  
always been what is termed a star, from  
her very advent in the theatrical field,  
and has scored a continued round of  
successes. No failure mars the record  
of her career. She is the happy possessor  
of a soprano voice, and magnificent  
stage presence and beauty of the rarest  
type, in both face and form, together  
with histrionic ability of the very high-  
est grade. Modesty—woman's sweetest  
charm, is so well defined in her demeanor  
on and off the stage, that her personality

is rendered quite irresistible, which, in  
conjunction with her many accomplish-  
ments serves to create a desire to im-  
mediately number her among your friends,  
consequently she is a society favorite of  
much brilliancy and is lionized by lead-  
ers of the "smart set" in every city she  
visits.

It is refreshing to know that we are  
soon to have with us those emperors of  
comedy, Richards & Pringle-Rusco &  
Holland's Big Minstrel Festival, with  
their sixty ludicrously funny comedians,  
agile and expert dancers, beautiful sing-  
ers and a score of novelty acts. Myers  
opera house, March 29, is the date set  
for their appearance. This organization  
which started in a modest way some  
years ago, has through the most liberal  
kind of management acquired an envia-  
ble position in the amusement field and  
is today conceded to lead the world in  
its class. They bring with them this  
year more well known comedians and  
novelty acts than have ever before been  
collected together in one company.  
Many thousands of dollars have been  
expended in equipping the production  
with scenery of the most superb kind,  
and the costumes are a marvel of ele-  
gance and beauty. A grand free street  
parade will be given at 8:30 p. m., and  
three bands of music will be heard in a  
concert of modern and classic music.

If you want a good hearty laugh go  
to see the famous Brothers Royer in  
their roaring, rollicking spectacular pro-  
duction, "Next Door," at the Myers  
Grand tonight. There is very little plot  
in the piece, it is simply a farce comedy,  
singing, acrobatic feats, chases through  
trick houses and walls. It is said to be  
worth seeing.

Reserved seat sale for the big minstrel  
festival commenced at the Myers Grand  
this morning. The indications for a big  
house are good.

## JANESVILLE RANKS AS THE 14TH CITY

INTERESTING FIGURES ON THE  
POPULATION OF STATE.

Race For Second, Third, Fourth and  
Fifth Place is Close—West Superior  
Has Made Rapid Strides and Will  
Doubtless Soon Stand Next to Mil-  
waukee.

There are only thirteen cities in Wis-  
consin having a larger population than  
Janesville—Ashland, Appleton, Eau-  
Claire, Fond du Lac, Green Bay, La-  
Crosse, Oshkosh, Marinette, Sheboygan,  
Madison, Racine, Superior and Milwa-  
ukee.

Milwaukee is the largest city in the  
state, but a dispute exists as to which  
city comes second, third and fourth.  
Soon the census will be taken by agents  
of the United States government, and  
until that time it is difficult to say just  
what the correct population is. From  
statistics gathered by The Milwaukee  
Sentinel it is estimated that Wisconsin  
will show 2,000,000 people and Milwa-  
ukee 280,000.

Superior Expected to Lead.

In 1900, according to the local esti-  
mates, and if they prove true, Superior  
which in 1880 had a population of only  
665, will move into second place, fol-  
lowed by Oshkosh, La Crosse and Racine  
in the order named. But this, of course,  
is only an estimate, and the census may  
change the relative positions of these  
four cities. Judging by the past record,  
it is doubtful if Oshkosh has passed La  
Crosse, although Oshkosh now makes  
the larger claim.

The growth of Superior has been  
more rapid than any city in Wisconsin.  
In 1880 there were but 655 people in  
the village. In 1890 the census showed  
11,983 and the estimated number of peo-  
ple within the incorporated limits this  
year is 35,000 to 40,000.  
This will place the metropolis of  
Douglas county clearly in  
the lead for second city honors. Osh-  
kosh, during the past five years, has  
reached out and now claims a popula-  
tion of 33,700 persons. This number  
has been arrived at from estimates of  
both the last school census and the city  
directory just compiled. The popula-  
tion of La Crosse is this year estimated  
to be 30,000, a very conservative esti-  
mate and not unlikely to be too low.

Show Marked Increase

Especially noticeable, aside from the  
four large cities mentioned first, has  
been the growth of Ashland, Appleton,  
Beloit, Fond du Lac, whose growth owing  
to new railroad facilities and in-  
creasing manufacturing enterprises is  
likely to place her well forward in the  
race of Wisconsin cities within the next  
few years: Green Bay which has ab-  
sorbed Port Howard, and has grown  
rapidly from its own momentum; Janes-  
ville, Kaukauna, which has nearly doubled  
in population; Madison, which is grow-  
ing rapidly; Manitowish, which has  
doubled in population, and which with  
its shipping facilities, is sure of a steady  
and stable growth; Marinette, which  
with Menominee across the river might  
well claim its population as double  
what the figures for Marinette  
alone show. Marshfield and Merrill,  
which have each twice as many residents  
as ten years ago; Sheboygan, a big  
manufacturing town with 25,000, an ad-  
dition of 10,000 in ten years; Stevens  
Point and Wausau, both prosperous and  
growing cities, Wausau especially show-  
ing a large growth. In general, it may  
be said that the smaller cities in the  
southern part of the state, except for  
certain local causes, show only a small  
increase in population, while cities up  
north are rapidly forging ahead.

## CLEMENTS TAKES TWO TOWNS.

But Oliver and His 5,000 Men Took Off in Safety—Four Hundred Free Staters Maneuvering Between Kimberley and Paardeberg.

London, March 28.—The latest news from Mafeking is contained in a message dated March 16. Supplies have apparently been got into the place, possibly by means of native assistance and as it is known that some captures of cattle have been made from the Boers, the garrison may be able to hold out a few weeks longer.

Jagersfontein and Fauresmith were occupied by Gen. Clements' force yesterday morning. The citizens met the troops with open arms, cheered them enthusiastically and ran up Union Jacks in all parts of the two towns. As this news is wired from Fauresmith, it is evident that that part of the country is free, at least, of hostile Boers.

The British outposts on the line of the Modder, north of Bloemfontein, are getting into touch with the Boer rearguard. There was skirmishing between the Ninth and Sixteenth Lancers and the enemy, in which one officer was wounded. The most advanced British position is eight miles north of the Glen, where the railway to Kroonstad crosses the Modder, about twenty-two miles from the Free State capital.

On the other hand, the Boers are having good luck and showing boldness again, as a raiding party estimated at 400 is reported by the British forces at Warrenton to have crossed the Kimberley-Bloemfontein wagon road Monday and to have headed for Jacobsdal, with the intention of cutting the railway ten miles west.

Commandant Olivie appears to have gotten his 5,000 men and twenty-five miles of wagons into rugged country, where he can make an easy rearguard defense.

There are about 20,000 Boers guarding the nine passes over the Drakenberg range. They are led by Commandant de Beer of Harrismith and consist of Free Staters. It is reported that the Boers have moved their big guns from Biggarsburg, as it is not intended to make a stand there.

## Only a Few Skirmishes.

London, March 28.—Reconnoissances of slight importance continue to be the only features of the war in South Africa. Lord Roberts wires to the war office as follows:

"A cavalry reconnoissance was made yesterday toward Brandfort. The Sixteenth Lancers, by skirmishing, drew the Boers from their position into the open, when the Ninth Lancers attempted to outflank the enemy while they were engaged from the front by a dismounted section of the Sixteenth Lancers. Our casualties are reported to be few."

A dispatch from Maseru, Basutoland, dated March 26, says:

"The Basutoland government is busy collecting natives to be employed at Bloemfontein in repairing and laying railroads. The natives report that the Free Staters on the borders of Basutoland have refused to go to Kroonstad, and are staying on their farms, as it is now the plowing season, and they are inclined to keep their land and submit rather than give it up and fight."

## DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.

## ADDS HIS EVIDENCE.

Story is the Same as From Other Sources.

Lots of Money Spent But No Returns Have Been Received.

The people in Janesville willingly add their evidence to that which has already been given in favor of Morrow's Kid-ne-oids, the best remedy that has ever been sold in this city for backache, kidney and urinary disorders, sleeplessness and nervousness. Our druggists report wonderful cures and state that Kid-ne-oids are daily increasing in the opinion of our people. Kid-ne-oids act directly upon the kidneys and nerves and restore them to their natural condition. Good kidneys make good blood, good blood makes strong nerves. Kid-ne-oids make good kidneys and strong nerves.

Mr. C. B. Conrad, wholesale dealer in leaf tobacco, 38 South Main street, says: "For some time past, as a result of disordered kidneys and uric acid poisoning, I suffered from pain across the small of my back, rheumatism and spells of nervousness. Morrow's Kid-ne-oids soon conquered the backache and rheumatism and quieted and strengthened my nerves. I will advise all who suffer from kidney complaint to use Kid-ne-oids."

Morrow's Kid-ne-oids are not pills, but yellow tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co., Manufacturers by John Morrow & Co., chemists, Springfield, Ohio.

## HOW TO LIVE LONG

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises:

"Thy meats be delicate and dairy fed, Tender nor highly spiced thy food."

That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

or men are Hanan's and the Regent. The Hanan shoe is as always—the best fitting and most original in last designing. No one questions that. They are the "Best on Earth". There are lots of other makes good enough in themselves, but when it comes to comparison, at the same price, well they isn't any. This season we are showing three distinctly new lasts in this unequalled line—The Admiral, the Military and the London. We can't show you any thing in our stock but new, crisp and snappy styles, gauged to suit the ever varying demand of the hour. We don't pretend to "carry" the biggest stock. We haven't time. We just "buy" and sell the newest.

About the REGENT. Notwithstanding the increased cost to manufacture this new popular shoe comes to us from the factory better and slicker than ever. You can go where you will—at \$3.50 you can't better yourself in either grade, style, fit, or shoemaking, and as to variety just drop in and we will astonish you at this price. A big range at all the popular prices. Our repair department is in charge of Nels SELGREN. Our Free Shine stand ready at all hours.

THE REPUBLICAN CANDIDATES.

Fred L. Clemons, the republican candidate for school commissioner from the Second ward deserves a re-election at the hands of his constituents. Mr. Clemons has served the people faithfully and well, not only as a member of the school board but in other capacities. His time and his best efforts have always been given to the people, and such services should be appreciated. Personally, Mr. Clemons is the soul of honor and of genial good nature. Politically, he has always been true to his principles. Second ward people have known him from infancy and this record is public property. He should receive the loyal support of the constituents he has served so well. The democrats are bending every energy to defeat Mr. Clemons in order that a democrat may succeed him. The republicans should block this game, not only because Mr. Clemons deserves a re-election but because democrats seek only to use them to democratic ends. The democratic party never thanked or admired a Republican for bolting his ticket, and it will not do so now.

Dr. W. H. Judd, the republican candidate for alderman in the Third ward, will receive a record breaking majority. Dr. Judd has the confidence of the people. They have known him from boyhood, and that he will make a good alderman goes without saying as he served four years in the council, and was the only alderman to vote against building in the river. He has always been on the side of the working men.

Five well known Janesville men are the candidates for aldermen on the republican ticket. The people need no introduction to Frank E. Fifield, Charles L. Valentine, Dr. W. H. Judd, W. H. H. Macloon or Wilson Lane. All five are prominent citizens and no public office entrusted to them will be neglected. They will guard the people's interests faithfully.

J. L. Spellman, the well known tobacco merchant, is the republican candidate for supervisor from the Fourth ward and if personal character and business ability and standing are of any value, he will certainly be elected. Mr. Spellman is a man of sterling qualities, and his election insures good and faithful representation. Vote for him and ask your friends to do the same.

Wilson Lane should be elected alderman from the Fifth ward. There should be a lawyer on the board of aldermen, and Mr. Lane is the only attorney nominated on either republican or democratic tickets. Everyone knows Mr. Lane and he has the confidence of the people. The fifth ward voters should look to their own interests, and vote for Wilson Lane.

Dr. J. F. Pember, the republican candidate for school commissioner from the Fourth ward is a well known and popular physician. No man in Janesville stands higher than Dr. Pember, and his election would be a compliment, not only to the ward, but to the whole city. Vote for Dr. Pember and a clean business administration.

James G. Wray, the well known contractor and builder is running for supervisor from the Fifth ward on the republican ticket. Mr. Wray is a splendid type of man, a large employer of labor, and in every way qualified for the place. Fifth ward people will make no mistake in electing him.

That Frank E. Fifield will be re-elected alderman from the First ward is not questioned. He has served the public faithfully and well and has earned the honor of a triumphant re-election. Vote and work for Frank E. Fifield. Men of his character and ability should

be retained in the public service as long as they are willing to act.

J. L. Bear has no opposition in the race for supervisor from the Third ward, the democratic nominee having decided not to run. Mr. Bear's election is therefore a foregone conclusion, and the Third ward people can again avail themselves of his valuable services on the county board.

P. S. Fenton, A. K. Cutts, Wallace Cochrane, W. J. Hilt and George Kastner are the republican candidates for constables in the various wards. All four gentlemen are well known to the citizens of Janesville, and the people fully realize that good service will be the result of their election.

James A. Fathers' name appears only in the republican column on the official ballot, and a straight democratic ticket does not count for him. If you would vote for Mr. Fathers mark the republican column. All the republican candidates are worthy of your support.

W. H. H. Macloon's election as alderman from the Fourth ward is conceded, but the people should turn out and support him in full force. Make his majority decisive. His rugged honesty, his tenacity of purpose, and his manly independence are a guarantee of fearless and faithful service.

Listen not to the soft tongued promises or propositions of the democrats. They would like, doubtless, to have you waste your vote, but their schemes are all in favor of democracy and against republicanism. Stick to the faith that is in you, and vote the straight ticket.

H. A. Moesser, the Second ward republican candidate for supervisor, is a well known and exceptionally popular German-American. He is held in the highest esteem by all, and will command more than the full support of the republican party. Hence, his election is a certainty.

No man in Janesville is more universally respected, or more popular than is C. L. Valentine the republican candidate for alderman in the Second ward. Mr. Valentine has been weighed and not found wanting. Support him.

That Marshall P. Richardson is an exceptionally competent lawyer, is generally admitted. Vote for him. He is a close student and a tireless worker, and will make an ideal city attorney.

Williams S. Jeffris, the republican candidate for school commissioner at large, is one of Janesville's best known and most respected citizens. Vote for him.

City Treasurer Fathers deserves a re-election. Vote for him. His name heads the republican column on the official ballot, the democratic column being blank.

C. E. Bowles has well served the people as a supervisor from the First ward, and his well deserved election is assured.

Jesse Earle is a bright young lawyer and will make an efficient justice of the peace. Support him with your ballot.

Italian Parliament Doomed.

Rome, March 28.—It is the general opinion of thinking persons in Rome that unless the government adopts energetic measures to checkmate the obstructionists in the chamber of deputies parliamentary government in Italy is doomed. ## CAPT. ROGERS TELLS OF WAR IN LUZON

### UNCLE SAM'S TROOPS WORK UNDER GREAT HANDICAP.

Mountainous Country and Filipinos Kept on the Run—Many Prisoners But Few Arms Captured—One Spanish Garrison Still on Duty—Letter to Major J. B. Whiting, Jr.

Major Joseph B. Whiting, Jr., has received an interesting letter from Captain Tom J. Rogers, of Company "K," Forty Fifth U. S. volunteers, Infantry. Captain Rogers' home is at Beloit but he is now in command of his company in the Philippines. The letter is dated at Cavite, Feb. 12.

"Since we have been here the climate could not have been better if made to order," Capt. Rogers says. "The average temperature has been about 78, with only two or three slight showers. We were on the North line about two weeks during which time we had one 'bump' against the enemy at San Mateo, with the usual result—a large number killed and taken prisoner, and the rest on the run. We lost one man by drowning while fording the river under a pretty heavy fire.

"Since Jan. 2 we have been chasing the islanders in the South from Pasay to Batangas, a territory about 125 miles long by fifty miles wide, mostly mountainous. We have been ambushed twice in bad ravines, and had one fight on the side of a mountain. Altogether the enemy lost 25 killed and 21 prisoners, but only a few arms. Our casualties, one man shot through upper left arm.

"We are now resting here after a reconnaissance of sixteen days, during which we covered 180 miles of mountainous territory. We expect to leave in a day or two for the extreme southern province of Luzon (Camrinas) where the rebels are reported to be gathering; where a Spanish garrison still exists; and where, if we successfully take the place we may be permanently located."

Captain Rogers also conveys to Major Whiting the regards of several officers and hospital corps attendants who served with Major Whiting in Florida and Cuba, who asked to be remembered to the Janesville man. He says that he has not seen Major McDill of Milwaukee, as the major is on duty in another part of the island. All the Wisconsin men, he says, are well and happy so far as he has been able to learn.

Captain Rogers formerly commanded the Beloit militia company, and saw service in Florida, remaining as hospital steward at Jacksonville after the regiment was mustered out. He has always ranked as one of the best company commanders in the state, and those who know him predict his bright, and successful future.

## MANY MILK DEALERS ENTER A PROTEST

Are Anything But Pleased With the Action Taken By Members of the Common Council.

Many of the local milk dealers are displeased with the local action taken by members of the common council in passing a city ordinance requiring all milk peddlers to procure a license. The city aldermen claim that the step was necessary in order to insure pure and healthy milk. Many of the milk dealers now allege that they intend to take steps to fight such an ordinance claiming that it is unjust and was carried out for no other reason than to benefit a certain few. A local peddler of milk said: "Dealers here that I have consulted think that such an ordinance is unjust. If the veterinarian should find an unhealthy cow in my herd the matter would soon get noised about and then my business would be ruined. There are many other reasons why such an ordinance does not prove a necessity."

A milk consumer said: "Every quart of milk that is sold in this city should be tested. Every milk dealer and peddler should be licensed. It is trifling with the public health to allow these people to go on without any supervision or restraint. If the council don't do something pretty soon, I'll take a hand in it myself. I will send samples of milk to the state health officers at Madison. I am convinced that a good deal of the sickness now prevailing comes from bad milk. It is the duty of the council to act in this matter speedily."

## BRAKEMEN ARE OBLIGING

They Even Take the Trouble to Warn Forgetful Travelers These Days.

Passenger brakemen on the Chicago & Northwestern railroad running into Janesville are more than obliging these days. They not only call out the name of the station as of old but they go still farther by warning the forgetful traveler about leaving his umbrella, grip, overcoat or coat in the car.

This is the way one brakeman yelled it: "Next station is Janesville. Don't let your good memory fail you to forget that you are in possession of grips, overcoats, umbrellas."

"The brakeman said to a Gazette Gazette representative: 'In spite of this warning there is hardly a day but what we find lost articles in every passenger coach. To return these to the owners puts the company to much trouble.'"

## MIGHT PURCHASE FORTY ACRE PIT

Chicago, Milwaukee & St. Paul Railway Looking for Sand Near This City.

A well founded rumor has it that the Milwaukee railroad officials are contemplating the purchase of a forty-acre sand pit near this city, along their proposed line, to enter the city from the town of La Prairie. Near the Proctor and Wheeler farms, south of the city limits, land purchasers have been carefully looking over the ground with a view of locating sand pits that would be adjacent to the new proposed line. The Milwaukee road is in need of sand pits in this locality. Their large pit at Rockton, Ill., is nearly exhausted. One town of La Prairie farmer claims that he has been asked to name his lowest price on a certain portion of his farm that contained sandy soil and through which the new line has been surveyed.

## KILLS AND SLEEPS SOUNDLY.

Albert Stedger Murders Mother's  
Star Boarder.

## ANGRY WHEN HE IS ROUSED.

Strikes in Defense of Mother's Honor—  
Terrible Blow with a Barrel Stave  
Causes Almost Instant Death of  
William Hobson the Aggressor.

Chicago, March 28.—"Nice time of night to arrest a man! Go back to your station and wait till morning. I want to sleep." Albert Stedger, 17 years old, said this when he was roused from deep slumber by policemen an hour after he had murdered William Hobson at 414 Ashland avenue.

The boy committed the crime Monday night in defense of his mother. Hobson was the star boarder at the Stedger home. He insulted Mrs. Stedger, and her son struck Hobson on the head with a barrel stave. The blow was fatal, and the man died instantly.

Hobson, who had been living at the Stedger home about a year, came home Monday night somewhat intoxicated. He wandered into Mrs. Stedger's bedroom, and, taking off his shoes, was soon fast asleep. About 11 o'clock Mrs. Stedger wished to retire, and she woke her boarder and ordered him out. He abused her, and while the two were engaged in a lively altercation, Albert entered the room. His mother appealed to him. "Will you stand here and hear your mother abused?" she asked him. Albert rushed at Hobson and the two fought and wrestled around the room for a few minutes. Hobson left the house, but the enraged son followed him and the fight was renewed outside. Albert picked up a barrel stave lying on the ground and threw it at Hobson. The latter dodged the missile and Albert, picking up the stave again, started to ascend the steps to the house. Hobson followed him, whereupon the youth whirled the stave around, the sharp edge striking Hobson on the head. He fell and Albert went inside the house and was soon sound asleep.

## Regains Speech by Suicide.

Chicago, March 28.—Vito Paoletto, the Italian saloon-keeper who killed Michael Glavito, his partner, Monday night, and who was stricken dumb a few minutes afterward, tried to commit suicide yesterday. He failed, but at the same time regained his speech. Paoletto had been examined early in the day by physicians, who said the murderer probably never would speak again. While the officers were talking to Deputy Coroner Weekler, Paoletto, unnoticed, placed the lower end of his crutch in his mouth and fell forward on it. He was injured only slightly, and the officers lifted him to his chair. A few minutes later he discovered that he could talk.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Sholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Smith's Pharmacy next to postoffice, kodak agents.

## CONTAGIOUS BLOOD POISON

Contagious Blood Poison is the most degrading and destructive of all diseases, as it vitiates and corrupts the entire system. The first sore or ulcer is followed by little red pimples on the body, mouth and throat become sore, the glands enlarge and inflame, copper colored spots appear, and hair and eyebrows fall out. These are some of the milder symptoms; they increase in severity, finally attacking the vital organs; the body is tortured with rheumatic pains and covered with offensive eating sores.

It is a peculiar poison, and so highly contagious that an innocent person handling the same articles used by one infected with this loathsome disease, may be inoculated with the virus. It can be transmitted from parent to child, appearing as the same disease or in a modified form—like Eczema or Scrofula.

Many an old sore or stubborn skin trouble appearing in middle life, is due and traceable to blood poison contracted in early life. You may have taken potash and mercury faithfully for two or three years and thought you were cured, but you were not, for these poisonous minerals never cure this disease; they drive it from the outside, but it is doing its work on the inside, and will show up again sooner or later. You may not recognize it as the same old taint, but it is. S. S. S. has cured thousands of cases of Contagious Blood Poison, and it will cure you. It is the only purely vegetable blood purifier known, and the only antidote for this poison. S. S. S. cleanses the blood thoroughly of every particle of the poison—there is never any return of the disease.

Mrs. T. W. Lee, Montgomery, Ala., writes: "Several years ago I was inoculated with poison by a diseased nurse, who infected my baby, and for six long years I suffered untold misery. My body was covered with sores and ulcers. Several physicians treated me, but all to no purpose. The mercury and potash they gave me seemed to add fuel to the awful flame which was devouring me. Friends advised me to try S. S. S. I began taking it and improved from the start, and a complete and perfect cure was the result."

They have made a life study of blood diseases, and will give your letter prompt and careful attention. Consult them as often as you please; we make no charge whatever for this service. Mr. Dill is considered the joint present representative of Andrew Carnegie and H. C. Frick. It is unofficially stated that the reconciliation between Carnegie and Frick is complete, and that the proxies of both were voted by Mr. Dill.

Paris, March 28.—President Loubet has passed the last few days in the strictest privacy with his mother, an old lady of 80, at the family homestead in the south of France. He has taken this opportunity, as the oncoming exposition makes such a visit impossible for several months.

Russian Ships at Chemulpo.

-Yokohama, March 28.—A Russian squadron has arrived at Chemulpo. Its appearance is regarded as presaging a demand for the concession of land at Maseampo, twenty miles to the south.

Family Drugged and Robbed.

Chicago, March 28.—Burglars entered the residence of John Bandemer, in Melrose Park, early Tuesday morning, and chloroformed Mrs. Bandemer and her five children. The thieves ransacked the house, and then, going to the home of W. H. Churchill, an insurance man, they stole all his official papers, stamps and seals. The burglars escaped.

If the Baby Is Cutting Teeth.

To Cure a Cold in One Day.

Take Warner's White Wine of Tar Syrup, the best cough remedy on earth, 25 and 50 cents. People's Drug Co.

Baby's coming should be a time of joy and happiness. Fear should be forgotten and pain a stranger. How often is it so? As the time approaches how often the

poor expectant mother is nerve-racked and pain-ridden—fearing and almost suffering death. It isn't right. Nature never meant it to be so. If the mother were strong and well in a womanly way, as she ought to be, there would be no danger and little pain. The time of parturition is made comfortable and safe by the use of Dr. Pierce's Favorite Prescription. It is a medicine designed by a skilled physician—a specialist in the disorders and diseases of women—for the express and only purpose of putting the whole womanly system into perfect, vigorous health. It works directly on the organs involved in baby's advent and makes them strong, healthful and flexible. Taken during the whole period of gestation it insures the perfect health of both mother and child.

Mrs. Mollie E. Grimes, of Flomaton, Escambia Co., Ala., writes: "I have taken three bottles of your 'Favorite Prescription' and one bottle of your little 'Pellets' and oh, what an appetite they did give me. My baby is now three months old and weighs fifteen pounds and a half. When she was born she was the fattest little baby girl you ever saw. She was the largest one of all my babies and at the birth I had an easier and shorter time than I ever had. I am stouter and healthier than I ever was. I never will be without your medicine. May God bless you and your good medicines." For obstinate constipation Dr. Pierce's Pleasant Pellets are the most perfect medicine ever devised. They give prompt, comfortable, permanent relief.

## Starts a Fire in Jan.

Toledo, Ohio, March 28.—Allie Davis, a young man awaiting trial at Tiffin, Ohio, on a charge of train wrecking, made a desperate attempt to escape this morning, and nearly lost his life in consequence. When allowed the liberty of the corridor he set fire to the bed clothes, expecting to escape during the confusion. He was unconscious from the smoke when the fire was discovered, and was with difficulty revived.

## Russo-Turkish Tension Acute.

London, March 28.—The tension between St. Petersburg and Constantinople is daily becoming more acute, and the position is regarded as very grave. There is public apprehension that if the Turkish government is supported by Germany, it will prove stubbornly intractable regarding Russia's demands for concessions in Asia Minor, and that serious complications will inevitably ensue.

## WINE OF CARDUI

## A SURE MEDICINE.

HANDSON, VA., Dec. 31.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

## SPRING STYLES

Have all arrived. We can show the most complete line of this year's make than any house in Janesville. In new leathers we have various kinds, such as Veleour, Ideal Kid, Tan Veleour, and many others. Now is the time to pick out your Spring Shoes. All lines are complete, every possible size.

We are making some splendid close prices to induce early buyers.

Tans at \$2 to \$5. Blacks at \$1 to 4, Patent Leathers, \$3.50 to \$5.00.

At \$3.00 we are selling a genuine welt, new handsome design, in light and dark shade tan, worth \$4.00; selling everywhere at \$3.50. Our price, \$3.00.

At \$3.50 we give you a full line of Willow calf, Russia calf and the new automobile red—made to retail at \$4, but here \$3.50.

At \$2.50 we are selling a choice selection of Tan and Black Vici, in the newest round toes, in several patterns, new nobby, and good wearers at \$2.50.

At \$2.00 we are particularly strong. We defy the city to compare our \$2.00 line; other stores might call them cheap at \$2.50; we are making them move at \$2.00.

We want your shoe business; we want it bad; that's the reason we make those prices.
